Reinvest ROI

**Unlock

COMPOUNDING BENEFITS

Why leaders compound instead of withdrawing everything

Example:

\$1,000 deposit at Package 2
(1.5% daily ROI),
compounded daily vs.
withdrawn daily.

52%
AHEAD

By day 90, compounding
puts you **52% ahead** of
simply withdrawing —
same deposit, same ROI
rate, dramatically
different outcome.

Your principal
grows without
depositing
new funds

A bigger principal
means bigger
daily ROI,
compounding
your growth curve
day after day

Can push you
into a higher
package tier,
unlocking a
better daily rate
permanently

Keeps your
capital actively
working instead of
sitting idle

Fully flexible —
switch back to
withdrawing
anytime you
choose

The fastest
path toward
a top leadership
rank

Same deposit. Same ROI rate. Drastically different outcome. **COMPOUND TODAY, LEAD TOMORROW.**
